

Classic S2400

Step Top Wood Stove

S2400 shown with gold door and pedestal base.

The special design of the Step Top Classic makes it possible for it to be placed close to a corner of the wall. This makes it ideal for a small -medium room or for installation in tight alcoves. All Regency wood products come with an optional two speed blower to help deliver high efficiency heat to the far reaches of your home.

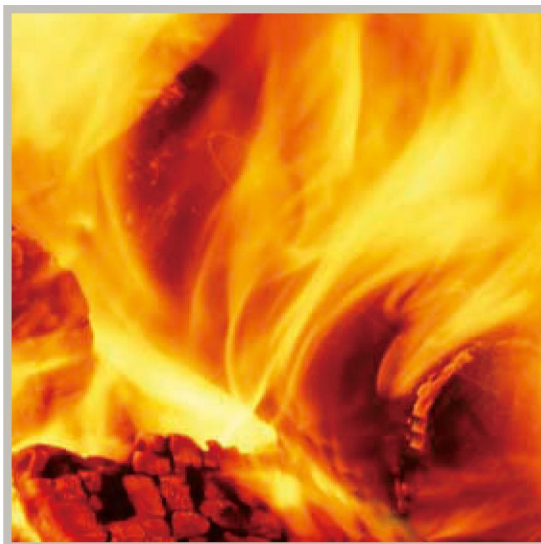

S2400 with black door and pedestal base.

S2400 with gold accent door and pedestal base.

S2400 with nickel accent door and pedestal base.
