

Z2510

Classic WarmHearth

Z2510 WarmHearth wood burning fireplace featuring a gold door, gold louvers.

Consider building the Regency WarmHearth into your new home or cottage, it's heat sharing flexibility and central heat option is perfect for new home applications and you can tailor the venting to zone heat the areas where you spend the most time.

The WarmHearth has been tested and certified to the strictest clean air standards as set by the Environmental Protection Agency. Your Regency WarmHearth is over 90% cleaner burning than a conventional fireplace. In addition, this airtight unit sends more heat directly into your room instead of up the chimney.
